

GRENITE[®]
RECYCLED SURFACES

COLLECTION 2020

BETTER

A BETTER WAY COMES TO THE SURFACE

Grenite® offers the best counter and wall surfaces in the market, combining:

- * superior strength, durability, and beauty
- * the highest recycled content available
- * prefabrication to your specifications
- * factory-direct jaw-dropping prices

OUR MISSION

Our mission is to streamline the surface materials market with modern efficiencies and recycled products, reducing costs, waste and environmental damage.

Minimum orders required. Grenite surfaces are ideal for hotel + resort, manufactured home, multi-family, and other large-scale projects.

CUT

ZERO WASTE

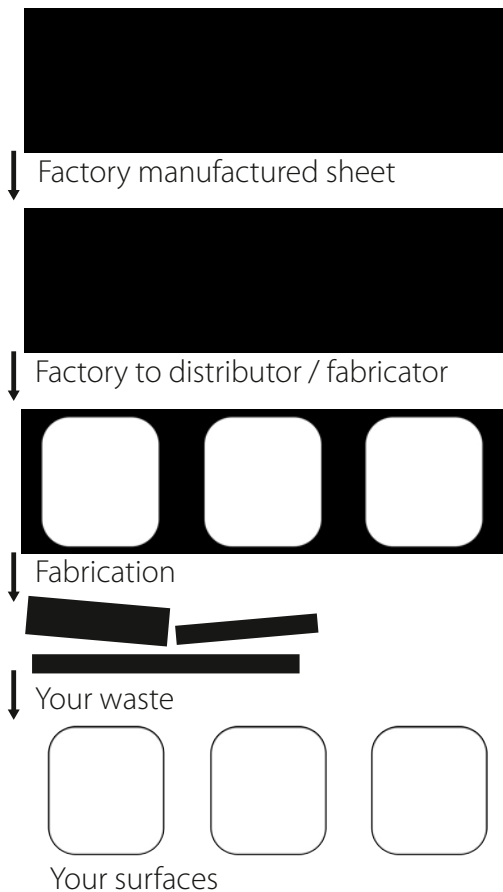

Grenite delivers right sized surfaces, prefabricated with automotive precision to your exact specifications, and ready to install.

You only pay for what you get, and you only get what you need.

PLUG + PLAY

Grenite surfaces arrive ready to install.

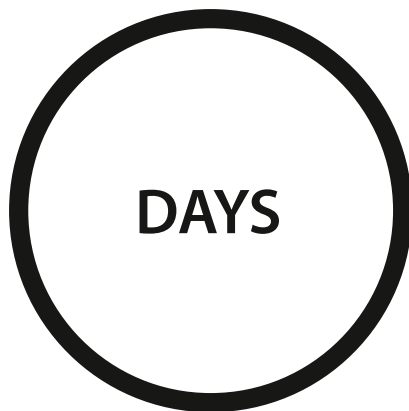

No specialized labor skills required. Just glue and go.

When you want to get there faster, keep your schedule, and save money, using Grenite is like flying versus walking.

CHOOSE THE TRADITIONAL WAY

CHOOSE GRENITE

STRONG

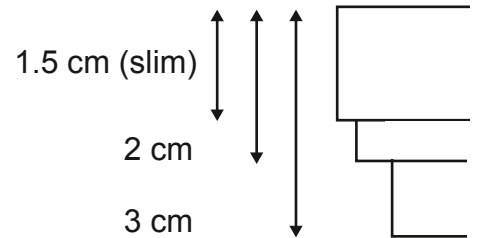

SLIM + STRONG

Grenite offers honest surfaces that are both thinner and stronger.

In fact, you'll find more than **DOUBLE** the flex and impact strength in Grenite surfaces than from leading brands.

Yes, even in slim forms.

1.5 cm thick Grenite is outstanding for both countertops using standard installation (no underlayment) and vertical applications.

<u>Test Method</u>	<u>Grenite</u>	<u>vs. Traditional Quartz</u>
IIMPACT IZOD ASTM D-256	60.58 J/M	Up to 300% better than leading brands published data.
FLEXURAL STRENGTH ASTM C-880	18,400 psi	200% - 400% better than leading brands published data.
BREAKING STRENGTH ASTM C-648	4,160 lbf	As good or better than leading brands published data.

LEAN

LIGHTEN UP

Prefab keeps you lean. Each job has 60% less weight on average than traditional sheet goods. Less to carry. Less to store. Nothing to throw away.

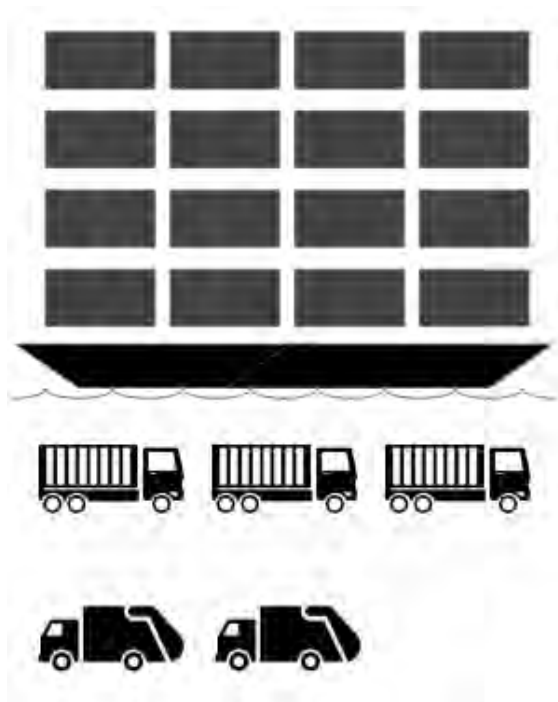

When every job is a cost competition, think of us as your free personal trainer.

We help you come in ready to win.

CHOOSE THE TRADITIONAL WAY

CHOOSE GRENITE

CLEAN

RESPONSIBLE

Whether you like LEED or similar sustainable and green design credits, or you like this big blue ball we're spinning on, choosing Grenite is a win / win.

Grenite surfaces deliver up to 80% recycled content, which you won't find anywhere else. That reduces the need to strip mine and quarry natural stone.

We make lean and cut clean at the factory, so your staff and neighbors don't have to worry about mess and harmful dust.

Our process is efficient and nothing is wasted. We reuse materials. Reduce carbon. Save time. Care for people. Get the job done, well.

Thank you for choosing Grenite

Grenite offers the best surface solutions in the market, combining superior strength, durability and beauty with the highest recycled content available, pre-fabrication to your specifications, and factory-direct, jaw-dropping prices.

We look forward to earning your business.

We have used Grenite on more than two hundred projects. The consistent quality ... combined with the attentive and efficient support team make Grenite our preferred stone product, especially on projects requiring the use of eco-friendly materials.

John Savoy
VP of Production, Phoenix Millworks

I am so thrilled with Grenite's ongoing performance. We have tens of thousands of people who visit the museum every year, including kids who have a tendency to get rough with the exhibits. We made the right choice in Grenite.

Susan Sanborn
Curator of the Toyota USA Automobile Museum
